BRANDY WELLS-MARTIN

EVERY ROLE. EVERY LYRIC. EVERY STORY LEAVES A LEGACY.

BRANDY

Every story begins with a moment that changes everything.

For me, that moment came when I discovered the power of storytelling. Whether through acting, music, poetry, or writing, I've always believed that stories have the ability to heal, challenge, inspire, and connect us in ways that nothing else can.

Growing up in Telfair County, Georgia, I never imagined that my love for performing would one day lead me to film sets, theater stages, recording studios, fashion runways, and opportunities to share my voice with audiences from all walks of life. Yet every experience has reaffirmed one truth: purpose and passion create powerful stories.

Today, I proudly embrace many roles. I am an actress, recording artist, model, author, entrepreneur, educator, and nonprofit founder. Each chapter of my journey has strengthened my commitment to creating meaningful work that reflects authenticity, resilience, and hope.

As Ghost Angel the Lyricist, I use music to explore life's deepest emotions, from heartbreak and healing to faith, perseverance, and self-discovery. As an actress, I strive to bring honesty and humanity to every character I portray. Whether I'm in front of a camera, behind a microphone, or standing before an audience, my goal remains the same: to create experiences that leave people feeling seen, inspired, and empowered.

Beyond entertainment, my commitment to service is equally important. Through Healing Haven Veterans Personal Care Home and the Kings & Queens Foundation, I work to create opportunities for healing, education, leadership, and community impact. Those experiences shape not only the leader I am, but also the artist I continue to become.

Thank you for taking the time to explore my work. I hope these pages offer more than a list of accomplishments. I hope they introduce you to the heart behind the work, the purpose behind the passion, and the vision that continues to guide every step of my journey.

I look forward to collaborating with storytellers, creators, and organizations who believe in the transformative power of art.

“

Stories have the power to
change the way we see ourselves—
and *each other*.

”

WITH GRATITUDE,
